

EAG-AL white painted aluminium grille with mesh

Description

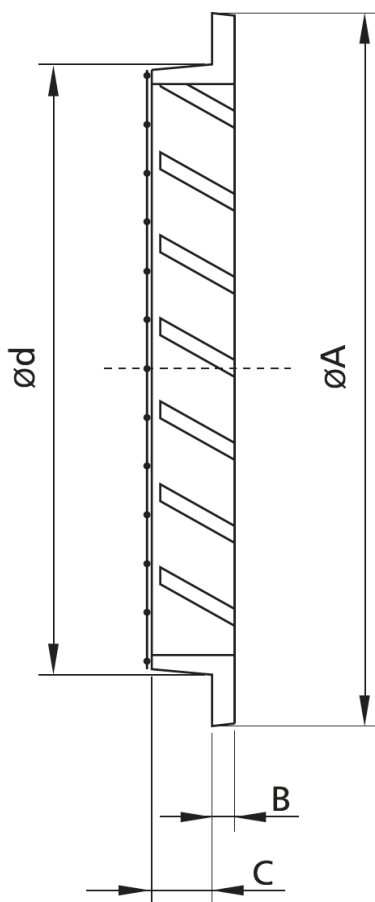

Aluminum grille with bird screen, suitable for both air supply and exhaust applications, ideal for HVAC systems and mechanical ventilation installations.

Features

Circular external grille made of die-cast aluminum painted RAL 9016, featuring fixed stamped louvers with increased pitch for reduced pressure drop, complete with insect screen.

Models

- EAG-ALB – Circular external grille made of die-cast aluminum, painted RAL 9016.
- EAG-AL – Circular external grille made of die-cast aluminum.
