

EGE Griglie di distribuzione aria per easy box

Description

Rectangular Steele grilles for Easy Box for supply and extract air flow.

Features

Various designs available for optimal airflow distribution and attractive look. Optimised construction for maximum rigidity. Standard RAL9003 matt paint finish with surface treatment for maximum corrosion resistance. Direct plug-in quick coupler system, by means of special pins supplied with the grille, which allow variable excursion from 0 to 30 mm to correction of any misalignment between plenum and wall.

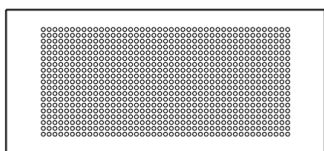

Dimensions

External frame measures 330mm x150, thivkness 5 mm
