

ONE-BOX Distribution box in EPP

Description

Universal EPP plenum kit for ONE BOX® series grilles. Hygienic material with perfectly smooth internal surface and excellent insulation characteristics ($\lambda = 0.042 \text{ W / mK}$). Exclusive reduced depth design for installation even on interior walls. Exclusive conception of simple coupling couplings as well as tightness thanks to internal threads. Possibility of filter insertion.

Features

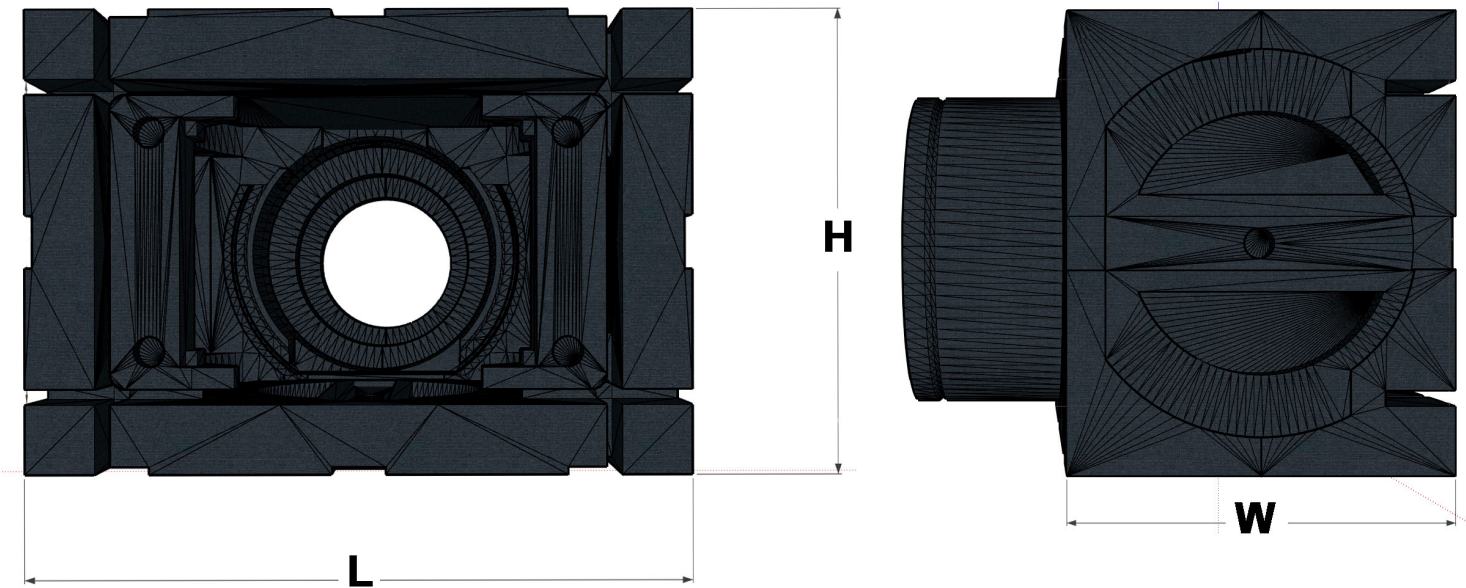

Open outlets to be sealed on site according to the required duct connections.

Supply includes:

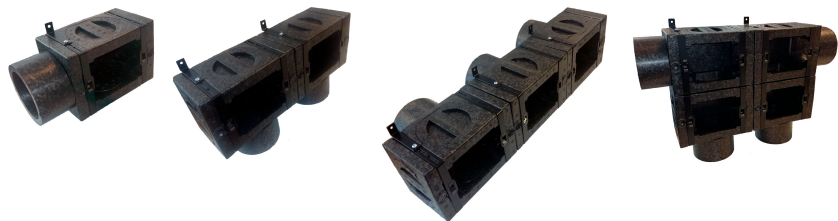

- black painted collars with clips for coupling to the rear fixing pins of EGA ONE series grilles;
- foldable metal brackets on the back panel for fixing to masonry walls, as well as front brackets for plasterboard wall installation;
- outlet adapters compatible with HTPPE PLUS 63 and HTPPE PLUS 76 corrugated ducting;
- caps for sealing unused outlets;
- ISO COARSE filter with low pressure drop.

Accessories

- F-ONE - Replacement filter for ONE-BOX plenum with polyester filter media
